

+ INVESTMENT OBJECTIVE

The BCI Worldwide Flexible Fund of Funds has the objective to provide investors with a high long term total return.

+ INVESTMENT UNIVERSE

The Fund aims to generate moderate to high long term total returns. The Manager has maximum flexibility in terms of asset allocation of equity securities, non-equity securities, bonds, preference shares, property, fixed interest and money market portfolios and assets in liquid form. Equity will always exceed 25%. The portfolio may from time to time invest in listed and unlisted financial instruments for the exclusive purpose of hedging exchange rate risks. The portfolio will be actively managed with exposure to various asset classes being varied to reflect changing economic and market circumstances, in order to maximize returns.

RISK PROFILE

Medium - High Risk

- This portfolio holds more equity exposure than a medium risk portfolio but less than a high-risk portfolio. In turn the expected volatility is higher than a medium risk portfolio, but less than a high-risk portfolio. The probability of losses is higher than that of a medium risk portfolio, but less than a high-risk portfolio and the expected potential long term investment returns could therefore be higher than a medium risk portfolio.
- Where the asset allocation contained in this MDD reflect offshore exposure, the portfolio is exposed to currency risks
- The portfolio is exposed to equity as well as default and interest rate risks.
- Therefore, it is suitable for medium to long term investment horizons.

INFORMATION AND DISCLOSURES

Risks

Where foreign securities are included in the portfolio there may be additional risks such as potential constraints on liquidity and repatriation of funds, macroeconomic risk, political risk, foreign exchange risk, tax risk, settlement risk as well as potential limitations on the availability of market information. Certain investments - including those involving futures, options, equity swaps, and other derivatives may give rise to substantial risk and might not be suitable for all investors.

*** Total Expense Ratio (TER)**

Please note: A higher TER ratio does not necessarily imply a poor return, nor does a low TER imply a good return. The current TER cannot be regarded as an indication of future TER's. Transaction Costs are a necessary cost in administering the Fund and impacts Fund returns. It should not be considered in isolation as returns may be impacted by many other factors over time including market returns, the type of Fund, the investment decisions of the investment manager and the TER. The TER and Transaction cost calculations were based on figures for the past financial year ended 31 August 2017.

Effective Annual Cost: Boutique Collective Investments adopted the ASISA Standard on Effective Annual Cost ("EAC"). The EAC measure allows you to compare charges on your investments as well as their impact on your investment returns prior to investing. For further information regarding the ASISA Standard on Effective Annual Cost and access to the EAC calculator please visit our website at www.bcis.co.za.

DISCLAIMER

Boutique Collective Investments (RF) (Pty) Ltd ("BCI") is a registered Manager of the Boutique Collective Investments Scheme, approved in terms of the Collective Investments Schemes Control Act, No 45 of 2002 and is a full member of ASISA. Collective Investment Schemes in securities are generally medium to long term investments. The value of participatory interests may go up or down and past performance is not necessarily an indication of future performance. BCI does not guarantee the capital or the return of a portfolio. Collective Investments are traded at ruling prices and can engage in borrowing and scrip lending. A schedule of fees, charges and maximum commissions is available on request. BCI reserves the right to close the portfolio to new investors and reopen certain portfolios from time to time in order to manage them more efficiently. Additional information, including application forms, annual or quarterly reports can be obtained from BCI, free of charge. Performance figures quoted for the portfolio are from Morningstar, as at the date of this minimum disclosure document for a lump sum investment, using NAV-NAV with income reinvested and do not take any upfront manager's charge into account. Income distributions are declared on the ex-dividend date. Actual investment performance will differ based on the initial fees charge applicable, the actual investment date, the date of reinvestment and dividend withholding tax. BCI retains full legal responsibility for the third party named portfolio. Although reasonable steps have been taken to ensure the validity and accuracy of the information in this document, BCI does not accept any responsibility for any claim, damages, loss or expense, however it arises, out of or in connection with the information in this document, whether by a client, investor or intermediary. This document should not be seen as an offer to purchase any specific product and is not to be construed as advice or guidance in any form whatsoever. Investors are encouraged to obtain independent professional investment and taxation advice before investing with or in any of BCI's products. A fund of funds is a portfolio that invests in portfolios of collective investment schemes that levy their own charges, which could result in a higher fee structure.
