

**INVESTMENT OBJECTIVE**

The Fund aims to provide investors with a balance between capital preservation and capital growth through the entire investment cycle.

**INVESTMENT POLICY**

The investment objective is achieved through a diversified global portfolio that invests across a broad range of asset classes and currencies in varying proportions over time. These asset classes include global equities, fixed income, property, infrastructure, money market instruments as well as securities that provide exposure to commodities. The portfolio will apart from assets in liquid form, invest solely in the participatory interests of the Engelberg Global Fund IC Limited, a cell incorporated under the Momentum Mutual Fund ICC Limited, domiciled in Guernsey. The underlying portfolio is ideally suited to investors with a medium risk tolerance and an investment horizon of 3 years or longer.
