

INVESTMENT OBJECTIVE & SUMMARY

The Optimum BCI Flexible Fund is a specialist portfolio, having the primary objective of high capital growth and a reasonable level of income for investors. The portfolio may invest in financially sound global and local equity securities, interest bearing securities, bonds, inflation linked bonds, debentures, non-equity securities, property shares, property-related securities, preference shares, money market instruments and assets in liquid form.

The portfolio may also invest in participatory interests and other forms of participation in portfolios of collective investment schemes or other similar schemes operated in territories with a regulatory environment which is to the satisfaction of the manager and trustee of a sufficient standard to provide investor protection at least equivalent to that in South Africa and which is consistent with the portfolio's primary objective.

The portfolio may from time to time invest in listed and unlisted financial instruments, in accordance with the provisions of the Act, and the Regulations thereto, as amended from time to time, in order to achieve the portfolio's investment objectives. The manager shall have maximum flexibility in terms of asset allocation and shall not be precluded from continually varying the ratio of securities, non-equity securities and assets in liquid form.

RISK PROFILE**

It should not be considered in isolation as returns may be impacted by many other factors over time including market returns, the type of Fund, the investment decisions of the investment manager and the TER.

The prior year ("PY") TER and Transaction cost calculations are based upon the portfolio's direct costs for the financial year ended 31 August 2018, whilst the underlying portfolios' ratio and cost calculations are based upon their most recent published figures, being 31 December 2018.

FAIS CONFLICT OF INTEREST DISCLOSURE

Please note that your financial advisor may be a related party to the conaming partner and/or BCI. It is your financial advisor's responsibility to disclose all fees he/she receives from any related party. The portfolio's TER includes all fees paid by portfolio to BCI, the trustees, the auditors, banks, the co-naming partner, underlying portfolios, and any other investment consultants/managers as well as distribution fees and LISP rebates, if applicable. The portfolio's performance numbers are calculated net of the TER expenses. The investment manager earns a portion of the service charge and performance fees where applicable. In some instance portfolios invest in other portfolios which forms part of the BCI Schemes. These investments will be detailed in this document, as applicable.

RISK DISCLOSURE**

MEDIUM - HIGH RISK

This portfolio holds more equity exposure than a medium risk portfolio but less than a high-risk portfolio. In turn the expected volatility is higher than a medium risk portfolio, but less than a high-risk portfolio.

The probability of losses is higher than that of a medium risk portfolio, but less than a high-risk portfolio and the expected potential long term investment returns could therefore be higher than a medium risk portfolio.

Where the asset allocation contained in this MDD reflect offshore exposure, the portfolio is exposed to currency risks. The portfolio is exposed to equity as well as default and interest rate risks.

Therefore, it is suitable for medium to long term investment horizons.
