

INVESTMENT OBJECTIVE

The PBI BCI Worldwide Flexible Fund aims to provide long term investors with high long term total returns by actively managing the portfolio's underlying holdings and/or asset allocation.

INVESTMENT POLICY

The portfolio's investment universe includes equity securities, government bonds, corporate bonds and inflation linked bonds, debentures, property securities, property related securities, interest bearing securities, preference shares, money market instruments and assets in liquid form. The portfolio may invest in participatory interests and other forms of participation in portfolios of collective investment schemes or other similar schemes operated in territories with a regulatory environment which is to the satisfaction of the manager and trustee of a sufficient standard to provide investor protection at least equivalent to that in South Africa and which is consistent with the portfolio's primary objective. The portfolio may from time to time invest in listed and unlisted financial instruments. The manager may include the following unlisted financial instruments: forward currency swaps, interest rate and exchange rate swap transactions.

RISK PROFILE

Moderate - High Risk

- This portfolio holds more equity exposure than a medium risk portfolio but less than a high-risk portfolio. In turn the expected volatility is higher than a medium risk portfolio, but less than a high-risk portfolio. The probability of losses is higher than that of a medium risk portfolio, but less than a high-risk portfolio and the expected potential long-term investment returns could therefore be higher than a medium risk portfolio.
- Where the asset allocation contained in this MDD reflects offshore exposure, the portfolio is exposed to currency risks.
- The portfolio is exposed to equity as well as default and interest rate risks.
- Therefore, it is suitable for medium to long-term investment horizons.
- The portfolio has a high exposure to derivative instruments which may carry additional risks

INFORMATION AND DISCLOSURES

Risks

Certain investments - including those involving futures, options, equity swaps, and other derivatives may give rise to substantial risk and might not be suitable for all investors. Where foreign securities are included in the portfolio there may be additional risks such as potential constraints on liquidity and repatriation of funds, macroeconomic risk, political risk, foreign exchange risk, tax risk, settlement risk as well as potential limitations on the availability of market information.

* Total Expense Ratio (TER)

Please note: A higher TER ratio does not necessarily imply a poor return, nor does a low TER imply a good return. The current TER cannot be regarded as an indication of future TER's. Transaction Costs are a necessary cost in administering the Fund and impacts Fund returns. It should not be considered in isolation as returns may be impacted by many other factors over time including market returns, the type of Fund, the investment decisions of the investment manager and the TER. The prior year ("PY") TER and Transaction cost calculations are based upon the portfolio's direct costs for the financial year ended 31 December 2025, whilst the underlying portfolios' ratio and cost calculations are based upon their most recent published figures, being 31 December 2025.

Effective Annual Cost:

Boutique Collective Investments adopted the ASISA Standard on Effective Annual Cost ("EAC"). The EAC measure allows you to compare charges on your investments as well as their impact on your investment returns prior to investing. For further information regarding the ASISA Standard on Effective Annual Cost and access to the EAC calculator please visit our website at www.bcis.co.za. BCI calculates the EAC as per the ASISA standard for a period of 3 years up till the most recent TER reporting period.

#Monthly Fixed Admin Fee: R15 excl. VAT which will apply to all direct investor accounts with balances of less than R100 000 at month end, unless an investor transacts online, in which case no such fee will be levied.

Total Investment Charges

* Total Expense Ratio (TER)	Transactional Cost (TC)	Total Investment Charge (TER & TC)
0.93%	0.32%	1.25%
Of the value of the Fund was incurred as expenses relating to the administration of the Fund.	Of the value of the Fund was incurred as costs relating to the buying and selling of the assets underlying the Fund.	Of the value of the Fund was incurred as costs relating to the investment of the Fund.

FAIS Conflict of Interest Disclosure

Please note that your financial advisor may be a related party to the co-naming partner and/or BCI. It is your financial advisor's responsibility to disclose all fees he/she receives from any related party. The portfolio's TER includes all fees paid by portfolio to BCI, the trustees, the auditors, banks, the co-naming partner, underlying portfolios, and any other investment consultants/managers as well as distribution fees and LISP rebates, if applicable. The portfolio's performance numbers are calculated net of the TER expenses. The investment manager earns a portion of the service charge and performance fees where applicable. In some instances portfolios invest in other portfolios which form part of the BCI Scheme. These investments will be detailed in this document, as applicable.
