Total Expense Ratio ("TER")

Please note: A higher TER ratio does not necessarily imply a poor return, nor does a low TER imply a good return. The current TER cannot be regarded as an indication of future TER's. Transaction costs are a necessary cost in administering the Fund and impacts Fund returns. It should not be considered in isolation as returns may be impacted by many other factors over time, including market returns, the type of Fund, the investment decisions of the investment manager and the TER. The prior year ("PY") TER and transaction cost calculations are based upon the portfolio's direct costs for the financial year ended 30 September 2023, whilst the underlying portfolios' ratio and cost calculations are based upon their most recent published figures, being 30 September 2023.

Effective Annual Cost ("EAC")

Boutique Collective Investments (BCI) adopted the ASISA Standard on Effective Annual Cost ("EAC"). The EAC measure allows you to compare charges on your investments as well as their impact on your investment returns prior to investing. BCI calculates the EAC as per the ASISA standard for a period of 3 years up till the most recent TER reporting period. For further information regarding the ASISA Standard on Effective Annual Cost and access to the EAC calculator please visit our website at www.bcis.co.za.

#Monthly Fixed Administration Fee: R15 excluding VAT which will apply to all direct investor accounts with balances of less than R100 000 at month end, unless an investor transacts online, in which case no such fee will be levied.

FAIS Conflict of Interest Disclosure

Please note that your financial advisor may be a related party to the co-naming partner and/or BCI. It is your financial advisor's responsibility to disclose all fees he/she receives from any related party. The portfolio's TER includes all fees paid by portfolio to BCI, the trustees, the auditors, banks, the co-naming partner, underlying portfolios, and any other investment consultants/managers as well as distribution fees and LISP rebates, if applicable. The portfolio's performance numbers are calculated net of the TER expenses. The investment manager earns a portion of the service charge and performance fees where applicable. In some instances portfolios invest in other portfolios which forms part of the BCI Schemes. These investments will be detailed in this document, as applicable.

BCI General Disclaimer (FOF)

Boutique Collective Investments (RF) (Pty) Ltd ("BCI") is a registered Manager of the Boutique Collective Investments Scheme, approved in terms of the Collective Investments Schemes Control Act, No 45 of 2002 and is a full member of the Association for Savings and Investment SA. Collective Investment Schemes in securities are generally medium to long term investments. The value of participatory interests may go up or down and past performance is not necessarily an indication of future performance. The Manager does not guarantee the capital or the return of a portfolio. Collective Investments are traded at ruling prices and can engage in borrowing and scrip lending. A schedule of fees, charges and maximum commissions is available on request. BCI reserves the right to close the portfolio to new investors and reopen certain portfolios from time to time in order to manage them more efficiently. Performance figures quoted for the portfolio are from Morningstar, as at the date of this minimum disclosure document for a lump sum investment, using NAV-NAV with income reinvested and do not take any upfront manager's charge into account. Income distributions are declared on the ex-dividend date. Actual investment performance will differ based on the initial fees charge applicable, the actual investment date, the date of reinvestment and dividend withholding tax. Investments in foreign securities may include additional risks such as potential constraints on liquidity and repatriation of funds, macroeconomic risk, political risk, foreign exchange risk, tax risk, settlement risk as well as potential limitations on the availability of market information. Certain investments - including those involving futures, options, equity swaps, and other derivatives may give rise to substantial risk and might not be suitable for all investors. Boutique Collective Investments (RF) Pty Ltd retains full legal responsibility for the third party named portfolio. Although reasonable steps have been taken to ensure the validity and accuracy of the information in this document, BCI does not accept any responsibility for any claim, damages, loss or expense, however it arises, out of or in connection with the information in this document, whether by a client, investor or intermediary. This document should not be seen as an offer to purchase any specific product and is not to be construed as advice or guidance in any form whatsoever. Investors are encouraged to obtain independent professional investment and taxation advice before investing with or in any of BCI/the Manager's products. A fund of funds is a portfolio that invests in portfolios of collective investment schemes that levy their own charges, which could result in a higher fee structure. Access the BCI Privacy Policy and the BCI Terms and Conditions on the BCI website (www.bcis.co.za).

Quarterly Commentary for the period ending December 2023

2023 was a year of market surprises, indicating that volatility will always be part of the investment journey and amid the highs and lows, there will always be gains and losses for investors, businesses, and economies. Some of the market conditions might continue into 2024 but the reality is that no one knows what's in store for the new year. Economists can make predictions of how they perceive the market to play out, however, unforeseen circumstances might arise to impact global economies and once again prove market predictors otherwise.

The year ended on a high note for global investors with the MSCI World Index ending the month at 4.91% and a year-to-date (YTD) positive of 23.79%, both in dollar terms. Since late October, investors became increasingly optimistic about the prospect of US rate cuts in 2024 and this led to a benchmark rise of 16%. Earlier in the year, tech stocks showed dominance with the Magnificent Seven recording an aggregate of 50% by late October, while the rest of the S&P 500 shares were down 2% in aggregate over the same period. The S&P 500 Index ended the month at 4.53% with a YTD figure of 26.26%. Even though emerging markets were held back by Chinese stocks, the MSCI Emerging Markets Index still ended in positive territory at 3.95% m/m and 10.27% YTD. The Dow Jones ended the month at 4.93% in dollar terms, the FTSE at 4.52% m/m in pound terms, the Euro Stoxx at 3.22% m/m in euro terms, and the Nikkei Index at 0.04% m/m in yen terms.

The SA stock market ended the year positively with the FTSE/JSE All Share Index at 2% and a YTD figure of 9.25%. SA Value stocks ended at 2.81% m/m and 2.79% YTD, while SA Growth stocks ended at 1.18% m/m and 14.45% YTD. In the derivatives market, Resources ended the month negatively at -1.31%, with Industrials and Financials positively at 0.49% and 2.31% respectively. Cash ended in positive territory with the STeFI Composite Index at 0.70% m/m and 8.06% YTD, both in rand terms. In the credit market, the All Bond Index ended at a positive 1.49% m/m in rand terms, with bonds of 1-3 years at 1.10% m/m, bonds of 3-7 years at 1.25% m/m, bonds of 7-12 years at 2.23% m/m and bonds of over 12 years at 1.13% m/m. In the currency market, the rand ended positively against the US dollar at 3.62% m/m (-6.96% YTD), positively against the euro at 2.35% m/m (-10.11% YTD), positively against the British pound at 2.90% m/m (-12.21% YTD), but negatively against the Japanese yen at -4.64% m/m (+6.85% YTD).
